SALARY SETTLEMENT REACHED

Members of the Non-Academic Staff Association have ratified a salary agreement negotiated by the Association and the Board of Governors. The settlement involves a 15 percent across-the-board salary adjustment effective April 1, 1975 to March 31, 1976. The agreement also stipulates that the 15 percent increase will be in addition to the October 1974 interim adjustment of \$60 per month, which the Board agreed will be continued permanently. Members of the Association approved the adjustment by a vote of 361 to 176.

In addition to the principal salary agreement members also approved a series of selective adjustments for various categories and groups of workers. One of the most important clauses states that "after appropriate adjustments, any full-time regular employee who is not on probation and is receiving a salary of less than \$505 per month, that salary will be increased to \$505 per month." More details of the settlement will appear in next week's *Folio*.

LECTURE, SEMINAR SERIES INAUGURATED

The Department of Psychology has announced the inaugural speaker in the annual MacEachran Memorial Lecture Series to be held in honor of the late Professor John M. MacEachran.

Professor MacEachran offered the first course in psychology at The University of Alberta in 1909, before there were any University buildings at all and classes were being held at Strathcona School. Subsequently he headed the Department of Philosophy and also served as Provost of the University until he retired in 1945. It was largely due to his activities and example that psychology was established here on a firm scientific basis. Professor MacEachran was also involved in the mental health movement in Alberta and was instrumental in establishing what are now the faculties of Medicine and Education.

It is in recognition of Professor MacEachran's numerous achievements that the Department of Psychology is inaugurating the annual lecture series. The first speaker will be Frank A. Geldard, Stuart Professor of Psychology Emeritus and Senior Research Psychologist at Princeton University, who will give three lectures under the general title "Sensory saltation and metastability in the perceptual world."

The Department of Immunology has inaugurated a General Topic Seminar Series. The first speaker will be Sidney W. Drell, Director of the Stanford Linear Accelerator where recent discoveries have caused an upheaval in fundamental particle theory. Dr. Drell has agreed to communicate the excitement to non-physicists.

Details of the lectures and seminar are given in "This Week and Next."

INSTITUTIONAL RESEARCH AND PLANNING

The projects listed below are now under way in the Office of Institutional Research and Planning. They are summarized here for the information of readers, similar summaries being published at intervals. The last one appeared July 25, 1974.

Inquiries should be directed to the project officer listed for each project (to the name with the asterisk where there are several names) at the Office of Institutional Research and Planning, 1-16 University Hall, telephone 432-5295.

UNIVERSITY AND CITY RESEARCH COMMITTEE

A joint University and City of Edmonton
Research Committee (UCERC) was formed
in January 1974. The University's side of the
committee is a sub-committee of the General
Faculties Council Committee on Research. The
objectives and membership of the committee
are given below. Telephone numbers have been
included for the convenience of those who wish
to contact the committee members.

Objectives

The University and City of Edmonton Research
Committee shall have the following objectives:

1. To assess by such means as a continuing

FOLIO is published for the staff and other interested
persons by the University Publications Office, The
University of Alberta, Edmonton, Alberta. Copyright
1975.

Inventory of University Research Services and
Facilities, the scope of reciprocal assistance
which shall be of mutual benefit to The
University of Alberta and the City of
Edmonton.

2. To make a significant body of existing
closely related research on municipal systems
both within The University of Alberta, the City
of Edmonton, and elsewhere more accessible
and usable by policy- and decision-makers and
researchers.

3. To suggest areas for which policy-related
research proposals on municipal systems may
be submitted, for example:

Local services. Fire protection, health care
services, housing services, manpower and
human resources programs, municipal courts
and corrections, parks and recreation, police
protection, snow removal operations, solid
waste disposal, solid waste management.

Organization and regulation. Citizen participa-
tion, economic development, franchising and
regulation, information systems, land use
controls, municipal management methods and
budgetary processes, personnel systems.

4. To examine research proposals which shall
be of mutual interest and benefit to The
University of Alberta and the City of
Edmonton and to consider the extent of
reciprocal assistance required by both parties
if a proposal is approved; such deliberations
shall include the type of research agreement
required, the need for exchanging staff, time
factors involved, and any general conditions
relevant to the nature of the proposal.

NOTICES

GENERAL FACULTIES COUNCIL SELECTION COMMITTEE FOR DEAN

The Nominating Committee of General
Faculties Council is seeking nominations for
one member to be elected by General Faculties
Council to serve on the Selection Committee
for Dean of the Faculty of Business Adminis-
tration and Commerce. Regulations governing
the composition of selection committees for
deans require that one member, not a member
of the faculty concerned, be elected by General
Faculties Council.

Those who have suggestions for nominations
or who are interested in serving on the above
committee are requested to contact the
Secretary of the Nominating Committee, Mrs.
P. Campbell, 2-1 University Hall, 432-4965.

POLICY DECISION BY THE SALARIES AND PROMOTIONS APPEALS COMMITTEE

The Chairman of the General Faculties Council
Salaries and Promotions Appeals Committee,
J.A. Plambeck, has advised that this committee
will not consider hearing a case unless written
notice of appeal has been filed by November 1
of the year in which the increment award
became effective. This means that notice of
appeal, in writing, must have been submitted
to Dr. Plambeck's committee by November 1,
1975 with respect to decisions made by various
Faculty/School Promotions and Salaries
Committees concerning increments taking
effect on July 1, 1975.

PROPOSAL FOR ESTABLISHMENT OF CENTRE FOR INSTRUCTIONAL DEVELOPMENT

The Committee to Investigate Teaching is
exploring the possibility of establishing on
campus a Centre for Instructional Development
and will be seeking outside funding. If such a
centre were established, it would be available
to individual faculty members, teaching
assistants, departments, or faculties who wished,
on a voluntary basis, to improve their teaching-
learning environment.

A questionnaire has been designed regarding

possible use of such a centre. It will be distributed to faculty and graduate students shortly. The Committee to Investigate Teaching would appreciate everyone taking a few minutes to reply as soon as they receive their copy. Anyone who does not receive the questionnaire and who would like to have one should call D. Otto, Institutional Research and Planning, 432-5295.

SEXUALITY AND THE SEARCH FOR INTIMACY

"Sexuality and the Search for Intimacy" is an event being sponsored by the University Chaplains with assistance from faculty and staff in the departments of Religious Studies, Psychology, Sociology, Household Economics, and Education. Financial assistance has been provided by the Alma Mater Fund and the Burgon Bickersteth Society.

It will be held March 16, 17 and 18 at 7:30 p.m. each evening in "The Kiva," 2-103 Education Centre North. It will involve small group discussions and in-depth exploration of participants' own knowledge, attitudes, and values. There will be trust exercises, panels, and theological interpretation.

Resource persons will be Art Foster, a Baptist pastor, currently Professor of Theology and Personality at Chicago Theological Seminary, and May Foster.

Registrations are being accepted by George Mossman, 158-E Students' Union Building. The registration fee is \$5, and there will be a charge of \$3 per session. All sessions are open to the public. Details are given in "This Week and Next."
